School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Teachers	School			District
	2013-14	2014-15	2015-16	2015-16

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: September 2015

Pursuant to the settlement of Williams vs. the State of California, Silver Valley Unified School District thoroughly inspected each of its school sites at the start of the 2015-16 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. The date of the most recent resolution of the sufficiency of textbooks is September 13, 2015.

All students, including English Learners, are given their own individual textbooks and/or instructional materials in core subjects, as well as foreign language and health (as appropriate), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and frameworks, with the final approval by the Board of Education. The table displays information collected in September 2014 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	Pearson - 2010	Yes	0%
Mathematics	MacMillan/McGraw Hill - 2006	Yes	0%
Science	Houghton Mifflin - 2007	Yes	0%

School Facility Conditions and Planned Improvements (Most Recent Year)

Situated on 17.7 acres, Lewis School was originally constructed in 1994. The campus is comprised of 30 permanent classrooms, 12 portable classrooms, a library, a multipurpose room, a kindergarten building, a kindergarten playground, and one first and second grade playground.

Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by the District's maintenance staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Silver Valley Unified School District, including regular facilities inspections, to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention.

Repair requests are completed efficiently and in the order in which they are received. The chart displays the results of the most recent school facilities inspection, provided by the district.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

Parents and the community are very supportive of the educational program at the school. The PTA has made generous contributions to numerous trips, assemblies, book fairs, presentations, and the Fall/Spring Carnival.

Parents are encouraged to volunteer in the classroom, as well as attend school-wide events held throughout the year. Parents are kept abreast through community forums, parent surveys, parent notifications in the Thursday folder, Back-to-School Night, and parent conferences in November and March, including winter performances, spring performances, monthly assemblies, and Family Nights. An active School Site Council and school site Strategic Planning are well attended by parent representatives.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2012-13	2013-14	2014-15	2012-13	2013-14	2014-15	2012-13	2013-14	2014-15

Expulsions	0.00	0.00	0.00	0.00	0.29	0.04	0.13	0.10	0.09

School Safety Plan (Most Recent Year)

The safety of students and staff is a primary concern of Lewis School. All guests to the campus must sign in at the office and wear a visitor's badge at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among noon-duty aides, teachers, and school administrators.

To safeguard the well-being of students and staff, Comprehensive School Site Safety Plans have been developed for each site with input from the district. The Safety Plans were most recently updated in March 2015, with all revisions reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: school rules and procedures, disaster procedures, current status of school crime, notification to teachers, child abuse reporting procedures, school-wide dress code, routine and emergency drills, sexual harassment policy, policies related to suspension and expulsion, maintaining a safe and orderly school environment, safe ingress and egress of pupils, parents, and school employees.

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills are held throughout the year. Fire drills are held monthly, earthquake drills are held twice a year and intruder drills are held twice a year.

Professional Development (Most Recent Three Years)

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated twice a year and permanent teachers are evaluated every other year. Permanent teachers with ten years experience in the district and good evaluations are evaluated on a rotating basis or with an alternative evaluation process.

Evaluations are conducted by the principal or dean of students, who have been trained and certified for competency to perform teacher evaluations. Evaluations include the following: engaging and supporting all students in learning, understanding and organizing subject matter for student learning, assessing student learning, creating and maintaining effective environments for student learning, planning instruction and designing learning experiences for all students, and developing as a professional educator.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district provided specific staff development for all teachers beginning in 2013-2014. In 2013-2014, staff development topics included Pearson Math Training, Pearson Common Core Training, Singapore Math Training, Waterford Early Reading Training, and Conference opportunities including 3 day CUE Conference, 3 day Singapore Math Conference, Differentiated Instruction Conference, Common Core Strategies Conference, I Teach K and I Teach 1st. In 2014-2015 teachers were again offered a variety of professional development. Common Core English Language Arts Training, Pearson Math Training, Defined STEM webinars, SuccessMaker and Waterford Early Reading Program trainings were held throughout the year. Conferences were attended in the following areas: CUE-Technology, Southern California Kindergarten Conference, Handwriting without Tears, Differentiated Instruction, I Teach K!, I Teach 1st!, and I Teach 2nd!

For additional support in their profession, beginning teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) support provider.
